

Talk Dirty Section.....Season One

GUNFIGHT AT THE SO SO CORRAL

Scene: In David's office, Maddie's first day.

David: Good golly, you look great!

He leaps off of the desk and goes to her.

David: So this is it, huh? You and me? Toi and moi? I know I'm excited!

He throws his arm around her.

David: Nice digs, huh? Like your office? **Notice the shower massage in your bathroom? Don't thank me now.....**

Scene: In the rival detective agency lobby.

David speaks to the receptionist.

David: Listen, if we do live through this...I'd like very much to see you again. Do you think that would be possible?

She nods again.

David: **You do that great.**

Scene: David prepares Maddie to enter the seedy bar.

David indicates a button on her blouse.

David: Unbutton that.

Maddie: Excuse me?

David: Unbutton that button. People with attitude do a little advertising.

Maddie reluctantly unbuttons the button.

David: One more....There you are.

Maddie (looking down at herself): **There I am all right.**

Scene: In the alley, continued

David: Don't worry, this'll only hurt a second.

David kneels down and rips her skirt open to mid thigh. She shrieks as **he leers appreciatively.**

David: **Not a bad attitude at all.** All right, now let me see you move.

Maddie: Move?

David: Walk. Ya know, one foot in front of the other.

Maddie: I can't wait until we have to go to a society party. Will you be in trouble.

David: **Let's put a little motion in the ocean.**

Maddie walks away from him, working it. David starts to sing:

David *There she was just a walkin' down the street,
 Singin' do wah diddy diddy dum diddy doo*

Maddie whirls around and fixes him with a glare.

David: Watch what you say. You're gonna blow it for Miss Congeniality.

Scene: In David's office.

Maddie: He wants me to have dinner with him.

David whirls around in his chair.

David: I've been trying every hotel in this.....Who wants you to have dinner with him?

Maddie (laughing): Farley Wrye. Where on earth did you get those glasses?

David: **These? X-ray specs. Pretty cool, huh? You must be wearing a lead dress. I can't see a thing.**

Scene: Maddie and David in the car.

David: A promise is something you make to your mother about wearing itchy clothes when it's cold outside. **A promise is something you make very late at night to someone you'll probably never see again so you can get to the good stuff.** A promise is something you make to your dentist when he's scheduling your next appointment. I know what a promise is, and I didn't make one.

Scene: In the parking garage.

Maddie: Addison...we don't belong in business together. We don't think alike. We don't agree on anything.

David (starting towards her): What are you talking about? We agree on a lot of things. You like meatballs on your spaghetti, right? Me too. How 'bout books? Let's talk about books. Me? I read left to right. How 'bout you?

He slips his arm around her and starts leading her towards the car.

David: Is that an amazing coincidence or what? All right...you wanna get deep? **Let's talk about sex. Who would have guessed? I like sex too.** I think it's almost frightening how much we have in common.
